

UNIVERSITY OF VERMONT POSTDOCTORAL RESEARCH FELLOWSHIP

The Vermont Center on Behavior and Health (VCBH) located at the University of Vermont (UVM) Larner College of Medicine (LCOM) announces a NIH postdoctoral research fellowship opportunity in our internationally-recognized center of excellence for tobacco and substance use disorder research.

Working with **Dr. Sarah Heil**, the fellow will help to lead ongoing research around the sexual and reproductive health needs of women with substance use disorders as well as tobacco regulatory research involving pregnant and non-pregnant women. Dr. Heil and our 30-year training program have an exceptional track record of helping fellows to establish successful careers as independent investigators.

Eligibility: Applicants must have completed their training in psychology or a related discipline and be U.S. citizens or permanent residents. Outstanding trainees are selected based on scholastic record, productivity, and commitment to a career in tobacco or substance use disorder research. Individuals must be highly motivated, possess initiative, and a strong desire to learn and expand their interests and expertise.

Appointment: 2-3 years

Benefits: Stipend and travel fund supported by NIH Institutional Training Awards.

To apply: Send application form ([downloaded from VCBH website](#)), a cover letter, curriculum vitae, statement of research interests, and three (3) letters of reference to: Dr. Sarah Heil (sarah.heil@uvm.edu)

For more information: Contact Ms. Nicole C. Twohig, Nicole.twohig@uvm.edu

About us: VCBH, established in 2013, is an interdisciplinary center of research excellence committed to investigating relationships between personal behavior patterns (i.e., lifestyle) and risk for chronic disease and premature death. Unhealthy, or risk behaviors, are overrepresented among socioeconomically disadvantaged populations and are major contributors to the problem of health disparities. VCBH's work seeks to develop effective interventions and policies to promote healthy behavior. The VCBH resides within the UVM LCOM Department of Psychiatry, with additional investigators, collaborators, and advisors across 15 LCOM academic departments, seven UVM colleges, and five other universities. The VCBH is further strengthened by interdisciplinary collaborations with key community healthcare leaders and distinguished scientific advisory panels.

Burlington, Vermont is located in the beautiful Lake Champlain region and has continually been voted one of the nicest cities in which to live as well as one of America's most "fit" cities due to the four seasons of outdoor activities. Burlington is a great place for families, boasting excellent schools, culturally-rich environment, and its close proximity to Boston and Montreal.

The University is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching, and/or service. Applicants are requested to include in their cover letter information about how they will further this goal.

The University of Vermont is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other category legally protected by federal or state law. The University encourages applications from all individuals who will contribute to the diversity and excellence of the institution. Applications will be accepted until the position is filled.
