Research Description (please include a 2-3 sentence overview of your research in layman's terms to be included in our brochure for attendees and media):

You will receive a confirmation email with registration details if there is space for your poster. Posters should be delivered to Laura Gordon at the Cancer Center (HSRF 316) by **Wednesday, October 2nd**.

When you enter the DoubleTree by Hilton Conference Center, go straight ahead to the UVM Cancer Center registration table. You will receive your conference packet, nametag and poster number; you may proceed to your poster in the Exhibit Hall.

Presenters are asked to stand by their posters from 8:00 am until 9:00 am on Friday, October 4th to facilitate conversation with attendees about their research. You may also stand by your poster later in the day for discussion with attendees. Posters can be dismantled at 4:30 pm at the conclusion of the conference. If you are not planning to stay at the conference after the poster session, you may pick up your poster in HSRF 316 on Monday, October 7th. Please remember to label your poster tube with your name and your poster title.

The UVM Cancer Center is not responsible for the cost of printing posters. If you need to print a poster, contact Terri Nolin at UVM Print and Mail: tnolin@uvm.edu.
