Subject: Specialty Response to COVID-19 information

Dear 2021 students,

Upon reviewing my email after I sent my Wednesday Weekly Wonders, I came across this information which I thought was important for you to be aware of.

Attached please find the forwarded Association of Pediatric Program Directors (APPD), Council on Medical Student Education in Pediatrics (COMSEP), and the Association of Medical School Pediatric Department Chairs' (AMSPDC) [Letter to Our Pediatrics Community](#), which includes recommendations for residency programs and applicants to adopt and incorporate into their recruitment planning processes.

As a reminder, the AAMC recently created a centralized website for all COVID-19-related specialty updates: [Specialty Response to COVID-19](#).

With appreciation,
Christa Zehle
