*Posting Title	EM Match 20-21' Consensus Statement
*Summative Statement	Consensus Statement on the 2020-2021 Residency Application Process for US Medical Students Planning Careers in Emergency Medicine in the Main Residency Match
Additional Information	The Consensus Statement on the 2020-2021 Residency Application Process for US Medical Students Planning Careers in Emergency Medicine was brought up at a regional ACEP/EMRA affiliated med student council meeting. This document may be of significant help to the rising 4th year/class of '21 and will be distributed through the EMIG listserv for them. I'd just like to note, however, that I'm not sure if any faculty want to read this over before distributing it through the weekly wire if it has any conflicts with our leadership's current plans or objectives. Thank you!
