Subject: Congratulations and Final Request From Your Deans

Dear DOCTORS,

We were honored to participate in your commencement, and to play a role in your joining our profession. We have one final request of you, even though we have no authority over you any more (just the opposite, as you are now cherished alumni)!

Your class has been stuck at 92.4% participation in the GQ now for several weeks. Three of you have started, and six have not begun the process. We want to hear from all of you, and give the class of 2020 one more chance to shine (and set a new bar)!

For just those few who have not completed the GQ, would you please take the time? For everyone, though, please know how much we admire and respect you. We can't wait to hear about all of your accomplishments in the coming years.

Warmest regards,

Rick and Christa

Richard L. Page, M.D.
Dean
Larner College of Medicine

Christa H. Zehle, M.D.
Senior Associate Dean for Medical Education
Larner College of Medicine
