Subject: Transcripts for ERAS, FAQ updates, and To Do list!

Importance: High

Hello Class of 2021!

Based on requests I have compiled some info as quick reference as you continue through the residency application process.

I have updated the [FAQ document](#) and have created [a checklist](#). These are posted to the [Career Planning page of the Learning Commons](#) (LCOM login required) along with some other application resources.

As a reminder, following the recent WeeklyWire posting, in order for me to upload your **transcript** you will need to request a copy from the UVM Registrar's Office:

Log into myUVM (top right hand corner on www.uvm.edu), locate Registrar link and request an official transcript.

1. In the "**issued to**" field enter ERAS c/o AAMC (*please don't have them issued to Emma*)
2. In the "**send to** email address" field enter Emma.Faustner@med.uvm.edu

- Only the med school transcript will be uploaded. If you did undergrad/graduate/continuing ed at UVM those pages will be removed.
- Transcripts in ERAS do not get automatically updated as new grades come in. If a new grade posts and you want it included on your ERAS transcript you will request a new one in the same way and I will replace it in ERAS. The request and uploading process is pretty quick so if you are expecting grades that haven't posted yet you can safely wait a week or 2 before submitting your request. Please note that when a grade posts in OASIS there can be a 24 hour lag before it posts to your transcript.

Please bookmark the [ERAS Applicant User Guide](#)! Most of the technical questions you will have will be answered here. The table of contents is hyperlinked and you can easily search it using ctrl+F.

If you have questions not covered in the FAQ please feel free to ask! I will update the FAQ as we go.
