Target audience.	Incoming Students/co2024
Posting Title	Immunization Clinics
Summative Statemen	SHS offering clinics to incoming students who need a vaccination:
Additional Information	<p>Student Health Services is offering the following clinics to incoming students who need a vaccination to remain in compliance.</p> <ul style="list-style-type: none"> <li>• Tuesday 8/5, 10:20-11:40 a.m.</li> <li>• Wednesday 8/6, 2:00-3:20 p.m.</li> <li>• Thursday 8/7, 10:20-11:40 a.m.</li> </ul> <p>Students must have completed their quarantine requirements set by UVM and have a negative Covid test before they are seen at SHS.</p> <p>Students cannot 'stop by' for an appointment, they must call 1-802-656-3350, option #1 to schedule a 20-minute appointment as they will be asked series of screening questions and be given instructions.</p> <p>Students need to identify as NEW incoming LCOM students finalizing their requirements, as a nurse who will be performing vaccination will need to pull their clearance paperwork. Note: The above appointments are only for vaccinations. If students need SHS to order their labs (titers or Quantiferon gold TB), they should <a href="#">contact Student Health Services</a>.</p> <p>Many lab orders have already placed for incoming students to be done upon their arrival with electronic results generally received 24-48 hours after tests are done. Please also note that clinics are subject to cancellation depending on Covid testing and guidance for Burlington or UVM at the time.</p> <p>Thank you in advance for keeping your records up to date. Being in compliance with institutional requirements is an important part of the professionalism required of all students at the College of Medicine. Being in compliance with institutional immunization requirements is also important for the safety of our patients and students.</p>
