Subject: Updated guidelines for fully vaccinated medical students

Dear LCOM students,

The University has reviewed the current COVID-19 guidelines and has approved the following for medical students:

1. Approval of gatherings for fully vaccinated individuals following all Vermont (or appropriate state) requirements
2. Continue to test until Friday, April 2 and revisit at that time.
3. Travel allowed for fully vaccinated individuals following all Vermont requirements

We are grateful to the University for taking this request under consideration and we ask that you respect their decision to grant this specifically to medical students at this time and to ensure compliance with all Vermont state and [Department of Health guidelines](#).

With appreciation,

Dr. Christa Zehle
Dr. Lee Rosen
