

Target Audience	All students
Title	Check it Out at the Library! Anatomical Models!
Availability	All the Time!
Summary	The library has four new anatomical models to circulate within the library!
Additional Information	<p>Models include: the heart, the brain, the male pelvis and the median section of the female pelvis.</p> <p>The library also has a human skeleton model with muscles and ligaments that can be checked out for use in the library.</p> <p>Last week we posted that the library has portable ultrasound devices to lend for 3 days. These devices actually circulate for 7 days!</p>
