Dear Class of 2024 and 2025,

We are excited to welcome Dr. Mitch Wolfe, a 1995 LCOM graduate and the Chief Medical Officer at the CDC, to our campus on Monday, December 13th. We recognize that the Perspectives on Global Health panel associated with his visit and advertised below conflicts with your curriculum, however Dr. Wolfe specifically requested a separate meeting with M1 and M2 students. The Co2025 will meet in-person with Dr. Wolfe at 10 AM and the Co2024 will meet in-person with Dr. Wolfe at 11:30 AM (check your VIC calendar for details). Dr. Wolfe has prepared a special 15-minute presentation for students and the remainder of the time will be dedicated to Q & A. This is an incredible opportunity to interact with a senior member of the CDC administration and we encourage students to attend.

With appreciation,

Christa Zehle

I may at times send an email message after/outside work hours based on my schedule. Please do not feel that you need to respond outside of work hours unless it is convenient for you. Thank you.
