Sent on behalf of the Office of Diversity Equity and Inclusion with Medical Student Admissions Support:

Dear Class of 2026:

We are looking forward to welcoming you to UVM next month!

We know that getting settled in a new place can be both exciting, and challenging. We wanted to bring your attention to a wonderful resource, the [UVM Cultural Resource Guide](#), to help your transition.

This guide was created for people new to the Burlington area, especially those historically marginalized and underrepresented identities, to learn more about the diverse resources available in the Greater Burlington area. The guide can serve as a vital resource for prospective and current faculty, staff, and students from a variety of backgrounds, experiences and/or identities.

Also, the Larner Office of Diversity, Equity and Inclusion, in conjunction with our medical student affinity groups* invite all first-year students of color to join us for the Black, Indigenous & Student of Color-Faculty Mixer on Saturday, August 13th from 3:00-5:00 pm in the Davis Center. This informal event is a fantastic opportunity to be in community with other students and BIPoC faculty over food and good conversation.

Have a great rest of your summer and please do not hesitate to contact our office if we can assist you with your transition to UVM.

Best,

Margaret A. Tandoh, MD, FACS (she/her)
Associate Dean for Diversity, Equity and Inclusion
Richard L. Gamelli MD '74 Green and Gold Professor of Surgery
