Dear co2025,

For those looking to schedule a Step 1 exam at the Williston, VT Prometric location:

Medical Student Services has contacted the local Williston Prometric location and learned that their 2023 February & March dates for Step 1 have not yet been made available for test scheduling; they anticipate such dates will be made available in late November but did not indicate a specific release date. We will continue to monitor when this location is making Step 1 dates available and provide an update.

Students can contact a particular Prometric location if they are not yet seeing scheduling options.

on behalf of the Medical Student Services Team,
