---

Hello co2024,

As announced last month, each M2 automatically receives a voucher for one OME-purchased NBME practice exam (or "CBSSA"). **These vouchers are now issued to you in your Oasis account\***; please read below for instructions to access your voucher for whenever you choose to redeem it:

### **Instructions for Accessing Step 1 Vouchers in Oasis**

1. Log-in to your [OASIS](#) account at any time
2. From the "Announcements" box at the top of your 2021-22 schedule, click on "View your Academic History"
3. Select the "Academic Achievement" tab
4. See the "Practice Exam Vouchers" Section
5. You will find one unique PDF voucher assigned to you with instructions for accessing an NBME practice exam at any time between now and your Step 1 exam! Please note that starting an NBME practice exam, whether you decide to finish it or not, equates to a voucher used.

*\*Note: This only applies to those who have not yet requested and received an OME-purchased voucher already.*

### **Want to know a bit more about practice exams?**

Self-assessments -- or "Step 1 practice exams" -- are an important part of the USMLE preparation path. These tools provide valuable feedback and inform strategic readiness planning. For specific co2024 information and recommendations on planning Step 1 self-assessments, please visit [this self-assessment info sheet](#) in the Academic Achievement Commons.

The MSST Team!
