

Submission Form:

Target Audience	All current medical students (M1s, M2s, M3s, M4s)
Posting Title	Seeking Student for Hepatology Research Project
Time	Summer-Fall/Winter 2022/2023
Summary	I am looking for a medical student to help with data collection (specifically chart review). You will also have the opportunity to co-author the final manuscript.
Additional Information	<p>I am a second-year internal medicine resident working on a research project with hepatologist Sheila Reddy.</p> <p>The goal of the project is to characterize the patient population who are transferred to liver transplant centers from UVMMC over the last 10 years. Specifically, we want to quantify patients who are transferred for liver transplants, identify the distribution of diagnoses that lead to transfers, and look at demographic data to determine if barrier exists for UVMMC patients in more rural and lower income communities.</p> <p>The overall goal of this project is to write a publishable manuscript</p>
