The following is sent on behalf of Dr. Elise Everett

Dear OMSE Colleagues,

In 2007 Audree Frey joined the Larner College of Medicine and has worked with our Curriculum/Clerkship Level team, primarily focusing on the Global Health curriculum, faculty appointments, and our affiliation agreements that allow us to deliver our clinical curriculum across a large region. During this time, Audree has been a professional, team-focused, hard-working employee. Audree was a contributor to the Global Health curriculum, the fourth-year TA experience, Introduction and Integration of Core Global Health Topics, and Narrative Medicine in Global Health. Last month, Audree notified us that she has decided to take a position with UVM's Professional and Continuing Education (PACE) as the manager of the Public Health Program.

The Curriculum Team, OME and all of LCOM wants to extend their best wishes and appreciation to Audree for all she has contributed to our students, our team and OME.

This position is posted, and we are currently in the process of interviewing candidates.

Kind regards,
Elise Everett
