

Target Audience	M3s/co2024, M4s/co2023
Posting Title	Call for Student Panelists (Step 1)
Summary	Seeking LCOM co2023 and co2024 guest panelists for Sep. and Nov. Step 1 support series sessions
Additional Information	<p>If you would like to share your insights and perspectives on preparing for USMLE Step 1 to fellow M2's, please consider signing up as an in-person panelist for either or both of these fall sessions:</p> <ul style="list-style-type: none"> - September 16 - 12-1pm (ME 200) Student Panel "Developing a High Yield Approach to Step 1 Content and Strategy" This panel's theme is on the concept of "high yield" -- that is, providing advise, discussion, and insight into the skill of identifying high yield basic science content in Step 1 practice and review. How did you define "high yield" material? What are some ways to develop your sense of what is high yield content (facts, concepts) vs. what may be granular. In addition, the discussion will also cover high yield preparation processes. Panelists bring their perspective to M2's and answer clarifying questions from these perspectives. - November 17th - 12-1pm (ME 100) "Ideas for Building a Dedicated Step 1 Study Schedule: A Round-Robin Information Fair." M3 and M4 "Schedule Guests" will each have a table where M2 students can learn about how the panelists developed a study schedule, lessons learned, and ideas for next steps in developing a dedicated period study schedule. M2 attendees can visit any table they'd like during the session hour; they will receive descriptions of each "schedule guest's" approach to a dedicated study schedule prior to the session to choose the tables they'd like to visit. <p>Sign up for either session as a quest panelist...</p>
