Hello Medical Students:

On this Match Day, we are sending our warmest congratulations and best wishes to our friends, mentors, and colleagues in the Class of 2022! Regardless of your chosen field or institution – or whether you will take a different path – all of us are celebrating this well-deserved culmination of your medical education. You are truly an inspiration to everyone who will follow in your footsteps.

As we now transition into our roles as Student Body President and President-Elect, we would like to express deep appreciation to our outgoing President, Patrick Clarke, for his service to the Larner community. We would be remiss if we did not extend this appreciation to all our Class of 2022 representatives for their hard work on behalf of the student body.

The opportunity to hear your voices and perspectives is not something we take for granted, and over the next year, we will continually work towards the collective growth and benefit of all. With this in mind, we would like to highlight several initial action items for continued engagement with the community:

1. A Spring 2022 town hall hosted by the Larner Medical Student Council (Date TBD; keep your eyes on The WeeklyWire!)
2. The launch of a digital student leadership platform (tested over the past year with the Class of 2023) that will allow for timely feedback and updates
3. Initiating major work towards ensuring equity and equal opportunities for students at our clinical branch campuses

Please feel free to reach out with any ideas, questions, or feedback. We look forward to working with you over the next year.

All our best,

Vinh Le, Student Body President | Elise Prehoda, Student Body President-Elect
