Form: [Student Services - WeeklyWire Post Submission form](#)

A new response was submitted on 02 May 2023, 02:38 PM.

Submission Form:	
Target Audience(s)	M1s/co2026
*Posting Title	OBGYN research project - Summer Experience
*Event Date, Time, Location	7/1/2023-8/30/2023
*Summary ("Hook Sentence")	Turn Transition to Residency Training Courses into Academic Success Throughout Residency Using Novel Educational Techniques
Additional Information	We are looking for a summer research student who would be interested in participating in a project that involves using an app development software system to further the educational goals of a transition to residency curriculum. The student should be interested in learning how to work with the app development software (Glide), and have some interest in coding/app development.
