Dear Colleagues,

For many of us, it feels like things are changing hourly. And yet with all this uncertainty comes sense of purpose that motivates and unites us.

Here's today's update.

You will also be receiving these regular email updates from Dr. Desjardins with important institutional updates

Desjardins, Isabelle

Drop-in Support Groups Available

The Department of Psychological Services is offering daily zoom meetings for staff, providers and leaders who are caring for critically ill patients. These sessions are intended to provide front line staff with emotional support and opportunities to process their experiences. Currently, the following days and times are open to meet with Psychological Services staff members:

To join any of the above meetings, contact the providers via email to request an invitation or simply click on the link corresponding to the meeting you want to join. **If prompted for a password, enter MedPsych. Any team that would like support is welcome to schedule a focused group session** by contacting Dr. [Marlene Maron](#).

Charles Nicoli, BS
4th Year Medical Student
UVM

Vermont CardioVascular Medicine Conference

An Interdisciplinary Conference devoted to
Hemostasis, **Thrombosis**, and **Cardiovascular Medicine**

Date: TODAY, April 10, 2020

Time: 9:15 – 10:15 AM

Place: **ZOOM MEETING** <https://uvmcom.zoom.us/j/393145116>

Speaker: Charles Nicoli, BS

Title: Neurotensin in Cardiovascular Disease: the Fifth Decade

UVM Outpatient Therapies are now offering Telehealth Visits!

- Outpatient rehabilitation therapies sites are open, **accepting new referrals**, and scheduling patients for **in-person** or **telehealth visits based on acuity** and clinical need
- PT, OT and SLP services all being offered
- All insurers are not providing at least some coverage, and our therapies are ensuring all patients at risk receive therapy regardless of coverage
- **Please continue to refer patients for outpatient therapies as usual**, and if there is a preference by the patient for telehealth, that can be added to the referral to better assist us in quickly scheduling.
