Subject: Citizen Physicians Chapter Initiation and Recruitment

Good Morning,

My name is DeBran Tarver and I am the Program Manager at Citizen Physicians. We are a non-partisan, non-issue-based start-up organization that trains future healthcare providers in effective civic engagement. Our vision is that every healthcare practitioner develops the skills necessary to confidently advocate on behalf of their patients and practices. We currently have 10 chapters and are eager to expand to other medical schools. I am reaching out to you to see if there is a way that we could connect with medical students to see if they would be interested in starting a chapter at Robert Larner, M.D., College of Medicine at the University of Vermont. For more information on our organization, you can visit our [website](#). I have also attached an introduction deck with more information.

If you would like to set up a time to talk, I would love to. I look forward to hearing from you.

Sincerely,

DeBran Tarver, PhD, MPH
