

Target audience	M4s/co2022
Title	Optional Internal Medicine Mock Virtual Residency Interview
Event date/time	now
Summary	Applying for residency in internal medicine? Optional mock interview with a faculty member available.
Additional Information	<p>Applying for residency in internal medicine? Optional mock interview with a faculty member available. Please email Emily.Greenberger@UVMHealth.org if interested.</p> <p>Expectations for students:</p> <ol style="list-style-type: none"> 1. You will be assigned a faculty member in the Department of Medicine for a mock interview to be scheduled for 30 minutes prior to 10/1/2021. 2. This will be a 20-min mock interview on Zoom with 10 minutes of debriefing/feedback. 3. The student will contact the faculty member to set up a time, and once a time is chosen, the student will send a CV, personal statement, and Zoom link to the faculty member at least one week prior to the mock interview. 4. All professional communication prior to the interview, interview attire, virtual backdrop, and other aspects during the virtual interview are fair game for helpful feedback. Students should treat this like an official interview. 5. For the mock interview, students should assume they are interviewing for a generic internal medicine residency program. Faculty and students will assume the interview is for "a residency position in general," not for any program in particular. However, if asked questions about the program, faculty will answer assuming the program is UVM.
