

## Notice to the Class of 2023

June 12<sup>th</sup>, 2022

### **Personal Statement and Curriculum Vitae/Resume Review**

The Office of Medical Education would like to make sure you are all aware of your robust options available for personal statement and CV feedback and review. These include:

- Review from an Assistant Dean for Students as part of your RAD meeting and follow-up
- Review from any Assistant Dean at your request outside of RAD meetings
- Review by your subspecialty advisors, formal or informal depending on the department
- Personal statement and/or CV workshops through the Prep for Practice course

In addition, many students utilize their classmates, family, friends, or acquaintances as additional reviewers. Sometimes the best feedback is from people who know you well despite a lack of connection to the medical field.

[The AAMC also offers resources and templates](#) for writing a CV.

If any student encounters significant challenges in the process of formulating a personal statement, please don't hesitate [to contact a Dean for Students](#) to discuss next steps and options.
