

## **Class of 2023 Step 1 Support Series: Call for Panelists:**

As the Class of 2023 continues to prepare for Step 1, we are reaching out to our M3's and M4's and asking you to share your many skills and insights through a series of Step 1 Support Sessions. Please read through the sessions below and let us know if you are interested in participating!

### **Call for co2021 and co2022 Osmosis and Anki Flashcard Users for Panel Session in Late September (Remote):**

Did you leverage spaced repetition as a strategy for Step 1 prep or Foundations? Do you have advice to pass along to fellow students? The MSST Step 1 Support Series will host a panel session devoted to leveraging flashcard technology to support spaced repetition for both Step 1 and Foundations. If interested, please email [summer.griffin@med.uvm.edu](mailto:summer.griffin@med.uvm.edu) using the subject line "September Flashcard Panel" and we'll reach back out with next steps.

### **Call for co2022 October Panelists:**

#### **Things I Wish I Knew About Step 1 (Remote)**

Do you have Step 1 advice to share with the next class? The MSST Step 1 Support Series is looking for M3 panelists from co2022 to answer questions from M2's on preparing for Step 1. We are looking for a broad representation of experiences answer questions, tell stories, and share general support to fellow M2 classmates. The session will be remote during a noon hour in October (Date TBD). If interested, please email [summer.griffin@med.uvm.edu](mailto:summer.griffin@med.uvm.edu) using the subject line "October Step 1 Panel" and we'll reach back out with next steps.
