

Target Audience	M3s/co2023, M4s/co2022
Title	Seeking Research Help (IM/Endocrine/Primary Care)
When?	Starting now
Summary	Be a co-author on a resident research/QI project with faculty mentors in primary care IM and endocrinology. Assistance needed with chart review, data analysis and poster design.
Additional Information	The goal of our project is to examine (and overcome) barriers to prescribing SGLT-2 inhibitors and GLP-1 agonists in primary care. The intervention and data collection phases are complete.
