|------------------------|---|
| Target Audience | M3s/co2022, M4s/co2021 |
| Posting Title | GHHS "Tell Me More" Initiative |
| Event Location | Baird 3, Baird 4, McClure 4 (MICU). Be on the lookout for more information coming to your email shortly! |
| Summative Statement | Bringing humanism back to medicine! |
| Additional Information | <p>"Tell Me More" is a national initiative run by the Arnold P. Gold Foundation, which aims to connect with our patients by finding out more about who they are as people. Where are they from? What are they proud of? What should you know about them that will strengthen your relationship?</p> <p>This simple yet powerful information gets posted on the wall in the patient's room so that their entire healthcare team can engage with the human they're taking care of.</p> <p>The LCOM GHHS Chapter aims to roll out a pilot program on the Baird 3, Baird 4, and McClure 4 (MICU) floors of the hospital facilitated by 3rd and 4th year students on the inpatient internal medicine service.</p> <p>The team will be in contact with clerkship and medicine AI students in the coming weeks with specific instructions and a training module.</p> <p>In the meantime, if you have any questions at all feel free to reach out to LCOM's own Gold Humanism president, Audrea Bose!</p> |
