How do I use QR codes on my phone for CME credit?

• Scan a QR code on your **iPhone**:
  • Open camera and just point at QR code
  • Click on link that appears at top of screen

• Scan a QR code on your **Android**:
  • Get and use a QR reader app:
  • Type in your email address, click “I confirm” and “Submit”

• Want to make this even faster on your iPhone?
  • Make a shortcut for your email address:
    • Go to “Settings”→“General”→“Keyboard:”→“Text Replacement”
    • Hit “+” (upper right) and type your email address in “Phrase”
    • Type your new shortcut in ”Shortcut” (e.g. “@1”)
    • From now on, just type your shortcut and return to enter your email address
A message from the DOM Faculty Development Committee:

Want to help us reduce mindless tasks?

We hate CAQH, Medicare time studies, and the other 1000 things that suck up your time too.

To help us get rid of as much of the "stupid stuff" as we can we need your help to identify these things.

If you have an idea how to get rid of it, that'd help too!

Submit a candidate for the 1000 Cuts!

PS: Thanks for all the great ideas you’ve sent so far – we’re working on them!

So far, we’ve helped to:

1) Make capturing your CME credit much easier
2) Cut down the number of Mandatory Trainings we have to do for the MSO
3) Reduce the off-hours and weekend email burden coming from the organization

Right now, we’re working on piloting an admin-driven CAQH attestation process and many other solutions.
Interested in career advancement and academic promotion?

Join the Department of Medicine Faculty Development ListServ!

Receive monthly emails summarizing:
- Relevant upcoming talks, conferences, & training opportunities here and elsewhere
- Opportunities to teach, serve on committees, and other CV-worthy activities
- Information and reminders related to Reappointment and Promotion
- Updates from the DOM Faculty Development Committee

SAVE THE DATE FOR THE NEXT FACULTY ENGAGEMENT EVENT!

GUILD TAVERN  1/30/20
StorySlamRx
Voices in Medicine
Storytelling Workshop
with Susanne Schmidt

The theme for this year's StorySlamRx is LOST & FOUND. Have you ever lost something or someone? A credit card, keys, romance, purpose, or identity? Or maybe you found or discovered it...

Please RSVP for the workshop at:
(or you can scan our event QR Code with your smartphone camera application)

The UVM Larner College of Medicine will be hosting a Moth-style StorySlam for all members of the UVM Medical Center community on January 23, 2020.

In preparation for this event, we are hosting a storytelling workshop with former Moth StorySlam winner, Susanne Schmidt. In this workshop, you will learn how to take your story from the page, to the stage.
Thu., January 23, 2020

StorySlamRx
Voices in Medicine

Join us for an evening of true stories told by members of the UVM medical community.

The theme for this year's StorySlamRx is LOST & FOUND. Have you ever lost something or someone? A credit card, keys, romance, purpose, or identity? Or maybe you found or discovered it...

In the UVM Larner College of Medicine Hoehl Gallery (HSRF100). Doors open at 6:45pm. Cash bar open until 9pm.

All members of the LCOM & UVMMC Communities are welcome.

RSVP: Attendees and story-tellers can RSVP @ http://bit.ly/StorySlamRx2019 (or you can scan our event QR Code with your smartphone camera application)

Session topics will include clinical teaching, active learning, social medicine, and strategies for writing manuscript and grants.

This full day education retreat is open to all faculty.
Registration coming soon!

Teaching Academy Induction and Award Ceremony and Snow Season Poster Session
Wednesday, January 15, 5pm
Residency Interview Season is underway and continues through January.

When interview invitations go out, programs often fill slots on a first come first served basis.

Many programs offer more interviews than they have slots to fill!
• Responding early helps students have a greater selection of available dates and can often make a difference in whether or not students get an interview

• Students typically respond to invitations within 30 minutes!

• CONCLUSION: STUDENTS ARE UNDER ENORMOUS PRESSURE TO RESPOND TO PROGRAMS ASAP!
1. Proactively acknowledge that you are aware that students may need to respond to emails or calls from programs in a timely manner.

2. Offer opportunities throughout the day for students to check their email.

3. Try to be forgiving if students need to absent themselves from their rotation to attend interviews.

4. Work with students to find alternative times when they can make up work/experiences they may have missed to travel to interviews.
# UPCOMING GRAND ROUNDS SCHEDULE
