

CONSTRUCTION NOTICE

Hills Agricultural Science Building Closure

January 2022 until August 2023

Description of Work:

Building Closure: The Hills Agricultural Science Building will be closed for campus through traffic from the Stafford Connector through the Hills Building to the Benedict Auditorium Lobby in the Marsh Life Science Building as early as Friday January 7th, 2022 for abatement activities, followed by general construction. The expected duration of closure will be through the summer of 2023.

Benedict Auditorium will remain open for classes during Spring semester of 2022, access will be maintained through the Marsh Life Sciences Building and from the exterior courtyard to the North of the Lobby at the Benedict Auditorium.

Please plan on finding alternative routes that are not through the Hills Building.

Some localized construction noise and activity impacts will occur and these will be managed as best they can by the contractors.

Areas and Buildings Affected:

Hills Agricultural Science Building internal walkway from the Stafford Building to the Marsh Life Sciences Building.
