We here at COMIS wanted to provide a breakdown of the recommended internet providers and internet speed in the local area. These recommendations are put in place to make your remote learning experience as seamless as possible.

Company	Minimum Speed	Price Per Month	Source
Burlington Telecom	150 mb	\$55.00	Link
Comcast	100 mb	\$39.99	Link
Consolidated Communications	25mb*	\$35.69*	Link

* prices can vary by street. Speed may vary by street and street number

Additional Notes:

- These prices do not include equipment rental which can add ~\$15.00 per month.
- Prices quoted are for 1-year contracts unless otherwise noted.
- We suggest a minimum internet speed of 25 mbs.
- Speeds selected are suitable for 1-2 people using the service simultaneously 50 % of the time. If more than 2 people will share the internet, significantly higher speeds (and costs) may be needed / incurred.
