Subject: ON BEHALF OF DEAN PAGE: Congratulations to Marilyn Cipolla, Ph.D.
Date: Thursday, January 27, 2022 1:28:55 PM

Dear Larner Community,

It gives me great pleasure to note that one of our own Larner faculty members, Marilyn Cipolla, Ph.D., has been named Chair of the Department of Electrical and Biomedical Engineering in the University of Vermont's College of Engineering and Mathematical Sciences (CEMS). The full announcement by Dean Linda Schadler can be read [here](#).

Dr. Cipolla is a Professor of Neurological Sciences with joint appointments in Obstetrics, Gynecology, and Reproductive Sciences and Pharmacology, and her roots in our institution are deep: she is a triple UVM-alum, with a B.S. in Electrical Engineering, and her M.S. and doctoral degrees from our College. An outstanding scientist, Dr. Cipolla will continue her research here in our College, even as she takes on this important leadership role in CEMS.

Please join me in congratulating Dr. Cipolla and wishing her the very best.

Sincerely,

Rick
