THE NOCTURNISTS: COVID19 STORY MAP

Friends,

We're in constant admiration of the work you are doing for your patients, and for each other.

Since March, we've released 4 special episodes featuring selected clips from your COVID19 audio diaries, entitled: [New World](#), [Arrival](#), [Virus](#), and [Air](#).

Yesterday, we launched an [interactive story map](#) (alt link [here](#)). It's another way to explore the stories of healthcare workers across the country who are going through this experience alongside you. We've only added a few diarists so far; there are many more to come.

We hope this storytelling work brings some of you a sense of comfort and community, as it has for us.

Feel free to share this resource with others. We're all this together.

We are still accepting audio diarists. If you're interested in keeping an audio diary, or know someone who might bring a unique perspective to the project, please visit (or have them visit) our [sign-up form](#).

In solidarity,

Emily and The Nocturnists Team
