Subject: New Elective Opportunity! Residents and Students as Teachers Elective - MD1050

Hello,

We are pleased to announce the inaugural offering of a new elective for medical students, resident, and fellows at UVMHC. The course is designed to introduce learners to the foundations of teaching, assessment, and educational scholarship in academic medicine. The elective (two weeks for medical students) contains small group sessions led by Larner COM faculty and members of the Teaching Academy. Each week will culminate with a Teaching Academy and LCOM sponsored event to expose participants to local, regional, and national gatherings to promote and cultivate teaching, assessment, and educational scholarship in medicine across specialties.

Interested students may add the course as **MD 1050** in Oasis.

Please see the September schedule below:

SCHEDULE September 2-13, 2019

4/27/20- 5/1/20 Course for everyone

Conference May 1, 2020: Northeast Group on Educational Affairs (NEGEA). Hilton Doubletree, Burlington, VT. The NEGEA is part of the AAMC’s Group on Educational Affairs (GEA). Their purpose is to “promote excellence in the education of medical students, residents, and physicians through the professional development of medical educators. Our regional meetings provide a forum for exchanging ideas, learning new strategies, and developing plans that may facilitate your own work and implementation of the NEGEA mission.”

Kind regards,

Deirdre
