

OSME +  
The medical students

And the medical students  
first I would like to thank all  
that organized the party. It was  
great and even fancy,

Second to all the students who  
stopped by and chatted. The party  
was very personal and those are the  
best kind.

Thanks for making my last  
week so memorable.  
Hats off to all!  
Milce Cross
