Subject: Staff Introductions

As we announced in our monthly team meeting this morning, we have some new people joining our team!

Morgan Pratt, who some of you may recognize, has just completed her medical degree in July. She is joining the Active Learning team as an Educational Developer, assuming the position that was vacated by Michele Smolik. Morgan's first day is today and will work through May 2020 when she heads into her residency program.

Jeff Rector will be joining the Clinical Simulation Lab on Monday, August 5th as a Technical Support Specialist, assuming Lisa Beaulieu's role. Jeff currently works at UVM as a Biomedical Equipment Technician since January 2018. Previously he worked many years at the Vermont Air Guard.

Nicodia 'Codi' Williams will be joining Julie on the Foundations team as a VIC Coordinator on Monday, August 12th. She is currently working three floors above us in the Courtyard at the UVM Cancer Center Clinical Trials Office as a Regulatory Specialist. She is excited to work with medical students.

Joseph Hicks will also be joining the OMSE/SFS team with Kari Brayden as a Financial Guidance Counselor for our medical students. His role is a part time position under Kari.

Please introduce yourself if you see a new face in the office.

Welcome All!!!

Thanks,

Aimee Gale
