Additional Information	<p>Paid Personal Care Assistant opportunity: I'm looking for someone to take over my job as a PCA for a person with Cerebral Palsy. She is a funny, engaging person who lives in the South End very close to downtown. She needs help with ADLs and recently has started requiring intermittent catheterization. Pay is \$15/hour, and shifts are 4 hours (8a-12p or 5:30-9:30p). This has been a really rewarding experience for me, both personally and as a future clinician. You learn lots of skills that you aren't taught in the hospital (ie. how to use a hooyer lift, clean intermittent cath, etc.) and gain valuable insight into home caregiving. If interested (even if you just want to come shadow for a few hours) contact Caro Vines (M4) via text at 8042679049</p>
