Subject: Message for Class of 2021 Scheduling from SEG

Dear Class of 2021,

Thank you for your continued patience and strength in scheduling adjustments in this uncertain time. I wanted to pass along this thoughtful email from SEG regarding some student driven efforts in the changes. The changes in OASIS will take some time and I'm hoping we have the new schedules out by the end of the week.

We will continue to be flexible and open as we navigate this time together.

I appreciate each of you and keep your wellness in my thoughts,
Shaden

Subject: Message for Class of 2021 Scheduling

Hi Class of 2021,

Below you will find a link to a Google Doc where you can choose to add information on the clinical rotations you have scheduled in the coming year. Participation is of course voluntary. You will see instructions for how to use the document at the top of the sheet. Recognizing that we are living in a time great uncertainty, we hope that this document can be a tool to start a conversation about how we can help each other out as we navigate the impact of this pandemic on our year and prepare for our future careers as doctors.

The sheet is intended to make you aware of how we can help each other by adding or dropping rotations. Given that Oasis is not yet open and the number of spots in a rotation not yet defined, the goal is *not* to immediately prompt a number of person to person switches, but rather to see what might be available and whether you are able to give away the gift of a summer rotation via Oasis later this week.

As always, if you would like to work through your individual situation with an advisor, you can sign up for a slot using the links below. They are committed to finding time for anyone who would like to talk.

Sign up for a Drop-in Meeting:

- [Dean for Medical Education](#)
- [Deans for Students \(preclinical, clinical, CT Campus\)](#)
- [Director of Academic Achievement](#)
- [Director of Learning Environment](#)
- [Director of Student Wellbeing](#)

We're grateful to have all of you as classmates in these challenging and unprecedented times. Feel free to reach out if you have questions, concerns, thoughts, or anything else.
