**Subject:** Register Now! Physician Scientist Training Programs Trainee-to-Trainee Q&A Panel Series - series starts July 29

Please share with your students interested in research residencies.

Thanks, Irena

## **Physician Scientist Training Programs Trainee-to-Trainee Q&A Panel Series**

The AAMC subcommittee on Physician Scientists Postgraduate Training announces a series of Q & A web sessions **for medical students (MD, MD-PhD, DO, and others) interested in applying to research residencies.** These 90min sessions are exclusively for students to directly ask their questions to trainees and fellows who are in, or have recently completed research residencies.

Sessions will be on different days, all at 7pm-8:30pm ET:

Pathology July 29

Pediatrics July 31

Radiology August 7

Internal Medicine August 11

Psychiatry TBD

Neurology TBD

Surgical Specialties TBD

Others TBD

**[Students can register for all panels here.](#)**

*This session is for medical students only. Faculty, program directors, and administrators will be invited to future discussions.*

The AAMC subcommittee on Physician Scientist Postgraduate Training previously organized an information session with PSTP Directors. The recordings of that session as well as the breakouts for different specialties can be found [here](#). (Password: 8P^#q#3X)

Organized by:

The AAMC Physician Scientists Postgraduate Training Subcommittee

Committee Student Representatives:
