

Connecting the
Dots: How
Universities
Establish
Interprofessional
Education Centers

- A story about the Center for Interprofessional Practice, Education and Research (CIPER)

Welcome!

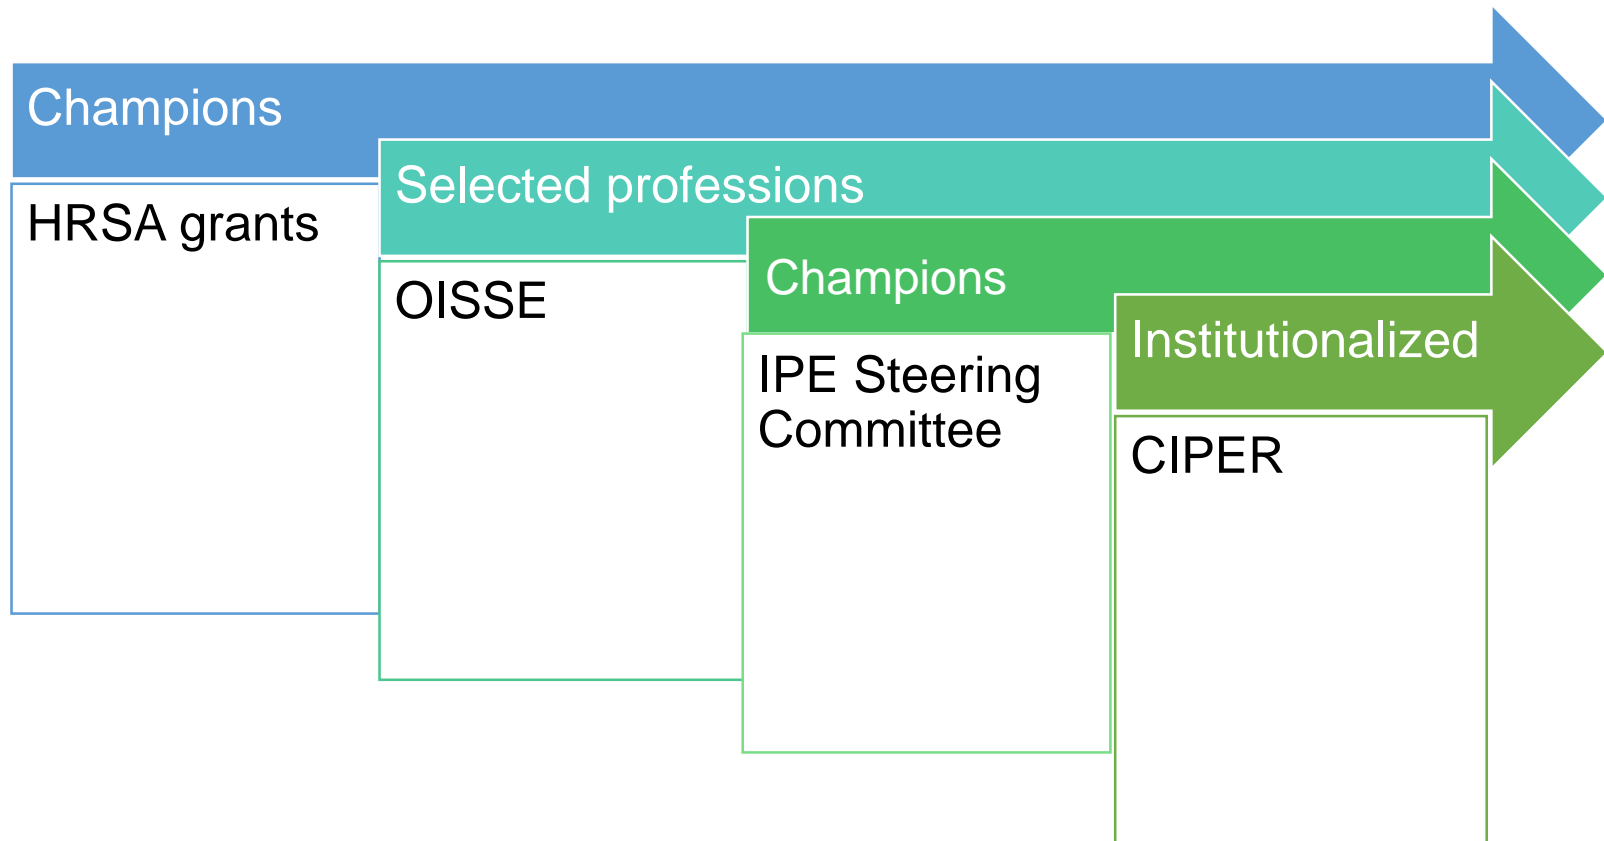

A little about me...

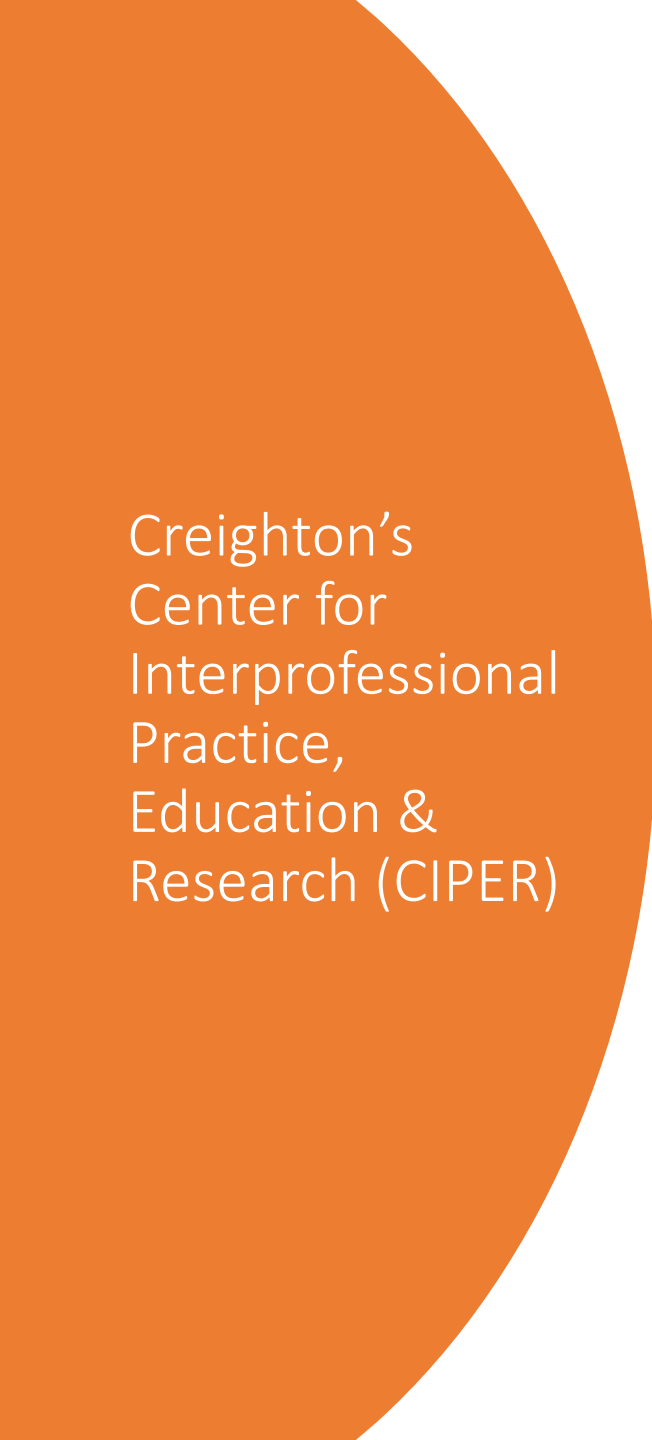

National Scene

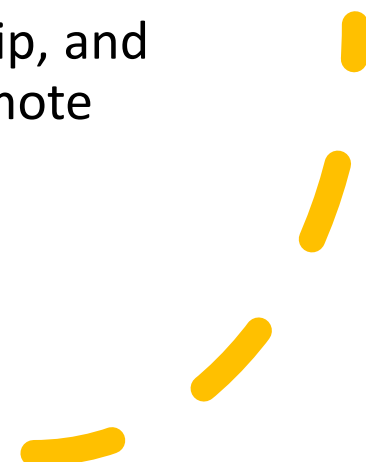

Creighton's Story

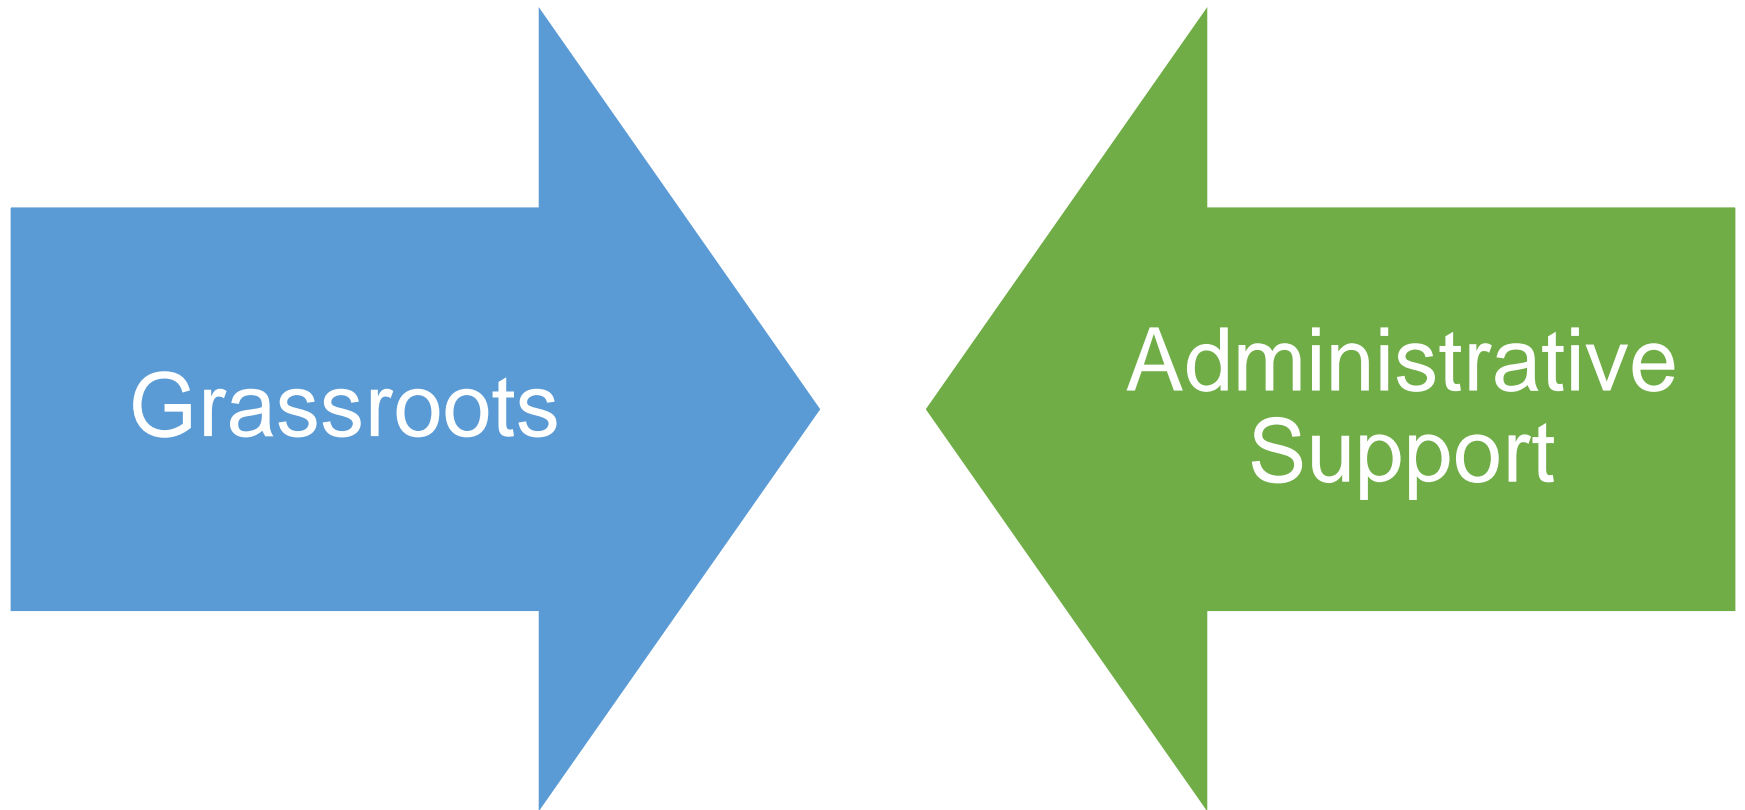

Creighton's
Center for
Interprofessional
Practice,
Education &
Research (CIPER)

- Who we are: A hub and catalyst for supporting IPE and IPCP at Creighton and CHI Health
 - Vision Statement - Cultivate leaders who act as moral agents and transform health care and promote health through intentional interprofessional collaboration.
 - Mission - Grounded in the principles of social justice, CIPER is a catalyst for interprofessional education, research, and collaborative care with excellent educational programs, cutting edge scholarship, and optimal clinical outcomes to promote health for all.
- 

How CIPER was established...

It is more
like this....

Creighton's IPE Curriculum

Academic years Fall 2015 to Spring 2019 – IPE 400 Introduction to Collaborative Care

Beginning academic year Fall 2019-Spring 2020
- IPE 500 Introduction to Collaborative Care

IPE 001 IPE Passport (minimum of 3 IPE activities)

Why Develop IPE 500 and IPE 001 IPE Passport?

**Positioning Creighton to be an
IPE Leader**

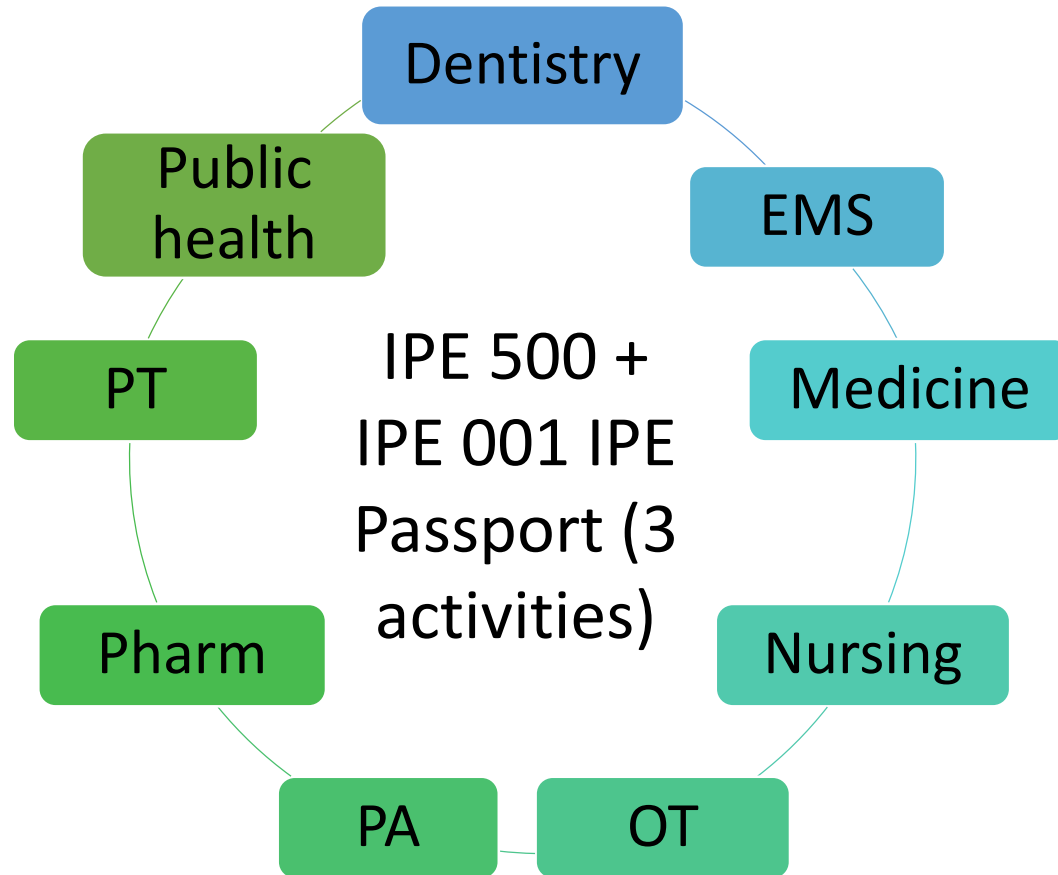

**Institute of Medicine & IPEC
Core Competencies**

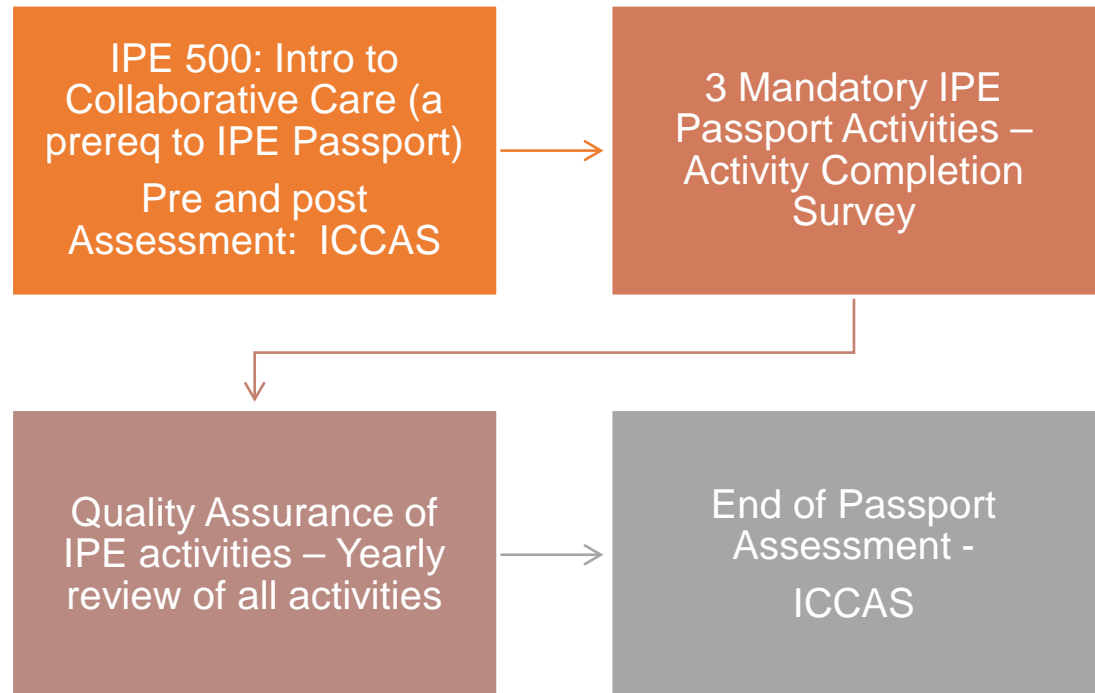

Accreditation standards!

CIPER supports IPE for 9 professions

What is the Interprofessional Education Passport?

IPE Passport Approval Process

01

Dept or Person Submits
IPE Activity by
submission Timeline

02

Curriculum Committee
evaluates activity via
the Rubric Score Card.

03

Activity Meets Rubric
guidelines: >Approved
Plan w/ CIPER

>Not Approved
Continue the activity,
plan to enhance &
resubmit in future

YOUR RUBRIC SCORE CARD				
PROCESS CRITERIA	0 Points	5 Points	10 Points	Your P
P1: Level of interactivity	Didactic	Discussion	Interactive	5
P2: Number of professions (Faculty)	1	2	>2	10
P3: Number of professions (students)	<3	3	>3	10
P4: Frequency of interactions across the activity	1	2	>3	5
YOUR PROCESS POINTS SUBTOTAL (Minimum of 15 Process Points)				30
CONTENT CRITERIA	0 Points	5 Points	10 Points	Your P
C1: Realistic & Authentic activity	See & Hear	Talk & Dialogue	Do & Real Life	10
C2: Core Competencies	1	2	3	5
C3: Debrief	None	Informal	Facilitated	10
C4: Patient Centeredness	No patient	Connected to patient. Patient not required	Built around & involving Patient	0
YOUR CONTENT POINTS SUBTOTAL (Minimum of 10 Process Points)				25
YOUR GRAND TOTAL PROCESS & CONTENT (Minimum 30 Points Overall)				55

IPE Activities
evaluated Using
Rubric Score Card

Minimum 30 points

IPE Passport Completion

Profession	IPE Passport Requirements
Dentistry	3 IPE Passport Activities Menu prior to graduation
EMS	3 IPE Passport Activities Embedded prior to graduation
Medicine	3 IPE Passport Activities Menu prior to graduation
Nursing – undergraduate	3 IPE Passport Activities Embedded prior to graduation
Nursing – graduate	3 IPE Passport Activities Embedded prior to graduation
Occupational therapy	1 IPE Passport Embedded & 2 Options on IPE Passport Menu prior to clinical experiences (by May of Year 2)
Pharmacy	3 IPE Passport Activities Embedded prior to rotations
Physical therapy	2 IPE Passport Embedded & 1 Options on IPE Passport Menu prior to terminal rotations
Physician assistant	3 IPE Passport Activities Embedded prior to clinical rotations
Public health	3 IPE Passport Activities Menu prior to MPH 610

Our Outcomes

What other institutions do...

- Leadership level
 - Director vs. Dean vs. Provost/President
- Structure
 - Center vs. institute vs. academic
 - Positioning under Provost, Health Sciences or School/College
- Curriculum
 - Embedded vs. menu
 - Synchronous vs. asynchronous
 - Signature event vs. smaller events
 - Timing and distribution

What
resonates?

Center Financial Models

STUDENT FEES

TUITION
REVENUE

SCHOOL/COLLEGE
FEE

PROVOST BUDGET

FACULTY BUY-OUT
VS. STIPEND

LESSON

SO WHAT?

Start with what you know combined with your resources

Define what IPECP means for your institution
Use IPEC, HPAC, etc.

Context is important and drives your curricular model

Professions, types of learners, learner modalities, etc.
Culture is everything

Co-creation is a critical component to build buy-in

IPECP can be everyone's and no one's

Be ready to tackle structural barriers

Onboarding, scheduling, tuition, etc.

Name and support your champions

Implement rewards and recognition
Promote your legitimacy

Know thyself and thy team

Staying focused means saying no
Understand and own where you fit in the leadership structure

It's a marathon

Lots of unknowns exist
Change is change

Lessons Learned

Best Practices

Define your message

Say the same thing over and over till it sticks

The moral imperative is
not everyone's imperative

What's your
IPE message?

Questions to Ask Yourself in Discovery

- Where does IPECP fit in our organization?
- What sort of leadership is necessary (influence, authority, etc.)?
- What resources are needed?
- What does IPE look like here? (pedagogical delivery)
- Where does IPECP exist that we can maximize?

What do you need to
discover?

Questions to Ask Yourself Once Established

- What is our vision/mission?
- How do we define success for an IPE learner?
- What is our strategic plan?
- How will we communicate our outcomes?

Thank you!
