

# Vermont Academic Detailing Program

## What is Academic Detailing?

- One-hour interactive sessions geared to practitioners who prescribe medications
- The latest evidence-based prescriber support and education for managing common but challenging primary care conditions
- An objective, unbiased overview of what the evidence from studies shows about various drugs, and non-drug therapies used to treat a medical condition
- One FREE hour of CME is offered for each session

## 2023–2024 Session Topics

**Prevention and Management of Alcohol Use Disorder**

**Advanced Management of Opioids**

*(Controlled substance credit)*

**Management of Obesity**

**Management of COPD**

**Management of Fibromyalgia**

*(Controlled substance credit)*

**Management of Type 2 Diabetes**

## Where?

We invite you to join our academic detailers for virtual academic detailing sessions or in-person sessions.

## Sign Up Genius for Virtual Sessions

You can easily sign up for virtual academic detailing sessions at [www.signupgenius.com/go/vtad](http://www.signupgenius.com/go/vtad)

This is a convenient way to stay up-to-date and catch up on sessions you missed. The virtual sessions follow the same format as our in-person sessions.

A virtual session is one-to-one with an academic detailer. The academic detailer will tailor the session to your needs, interest, and time frame.

Each session is eligible for CME and you choose the topic from our academic detailing menu.

No advanced preparation is required.

For more information or to schedule an in-person or virtual session, contact Laurie McLean:
