Dear co2025:

We're excited to announce: The Office of Medical Education plans to purchase a 360-day UWorld for Step 1 subscription for each co2025 student!

Students can 'opt out' of this opportunity by [clicking here](#). Please note that the **deadline to opt out is next Monday, May 16th at 10am**, so that our team can move forward with next purchasing steps and issue subscriptions as soon and efficiently as possible.

[UWorld for Step 1](#) is a nationally used question bank supporting medical student learning, repetition, practice, feedback, and readiness assessment for USMLE Step 1. A 360-day subscription provides a robust opportunity to distribute basic science USMLE prep/practice in the way that is right for you prior to starting the Step 1 dedicated period of study (February 2023). In addition, this subscription provides students with two UWorld self-assessments (UWSA1 and UWSA2).

We aim to provide students with this UWorld subscription as soon as possible and we will follow up with updates and next steps via email. If you receive a UWorld subscription but do not wish to activate it, please notify us by emailing StudentCOMServices@med.uvm.edu.

A special thank you to our Medical Education Leadership Team for supporting this valuable USMLE prep tool!

Have a great week,

Medical Student Services Team
