*Summative Statement/"Hook Sentence"	The Wellness Committee wants to ensure all medical students are up to date on their flu shots.
Additional Information	<p>The Wellness Committee wants to ensure all medical students are up to date on their flu shots. The CDC recommends getting a flu shot by the end of October, however, vaccination anytime during flu season is still beneficial and can be administered through January or later. Students can make an appointment at UVM Student Health (802-656-3350), their regular PCP, or do a walk-in flu shot at any local pharmacy that offers these services (Walgreen's, CVS, etc.). Typically, most health insurance programs cover the full cost of a flu shot. Out of pocket costs are usually no more the \$25. Please refer to your insurance company to ensure full coverage. For the 2020-2021 flu season, keep your eye out for information on the Wellness Committee sponsored Flu Shot Clinic in October.
